RECOMMENDATION LETTERS-EXCERPTS

His graphic work excelled in every way. Preston thoughtfully merged our "old" look with bold new ideas to create a unique, eye-grabbing brand
HE LEARNED FAST AND ALSO CAME UP WITH MANY IDEAS MANY OF WHICH I STILL BENEFIT FROM.
very able person and very responsible constant source of good news, helpful hints his talents as an artist have made his join to all artwork polite, conscientious his work above average eager to learn pleasure to recommend him as a good worker.
his work to be of high quality. outstanding job dependability was without question. willing to take the extra steps to insure a job well done.
 positive attitude, punctual, and has excellent attendance.
he exemplified a professional attitude proved himself efficient, responsible. prompt
 He has received many compliments from our customers.
 a great asset to any organization. *His work is of very high quality and I will recommend him with pleasure as a very good artist. an asset to any company.*
His skills as a designer have been very beneficial to this company and his adaptability would be a plus anywhere. *servicio y la atención*

He has shown that his learning skills go far beyond average. Mr. Clark has proven to be an asset to the hotel through his talents, resourcefulness and original ideas, from which the hotel still benefits. The creative work achieved by Mr. Clark is always of the highest quality.

proved to be extremely thorough and complete.

proven his skills both as a graphic artist and a Macintosh computer expert. Through the knowledge and dedication he has lent to this field he successfully developed important, often difficult, projects for our clients. On a number of occasions, he voluntarily spent the night at the agency either developing projects to meet deadlines or expanding his skills on the newest programs for the Macintosh computer. We are still benefiting from many of the ideas and recommendations Preston presented.

He would be an asset to any company.

As our senior artist, his knowledge of the computer allowed us to execute designs that set us apart from the rest. Preston was dedicated to self knowledge... a motivation rarely found, but in those that seek higher ground.
